APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and surplus water only. It is expressly understood and made a condition of this permit that diversion by this applicant shall cease immediately upon notification from the State Engineer that the waters of this source are needed by prior appropriators on the stream system below the junction of Pollard and Spaulding Creeks. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before April 28, 1917.

Proof of commencement of work shall be filed before May 28, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before April 28, 1918.

Application of water to beneficial use shall be made on or before October 28, 1921. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 28, 1921.

Cancelled May 4, 1918 for failure to comply with provisions of permit.

WITNESS MY HAND AND SEAL this 28th, day of September, 1916.
